

JUAN MANUEL ADAME TORRONTERAS

Web Developer

ABOUT ME

My name is Juanma, I'm 20 years old, and I live in Córdoba, Spain. I've been studying web development for two years now, and I've thoroughly enjoyed learning new things despite the challenges. Seeking new experiences and further learning opportunities, I recently completed a three-month internship in Milan, Italy, through the Erasmus program. This internship was in a hybrid format, allowing me to apply what I've learned in an international and flexible environment. I am passionate about continuous learning and am actively seeking opportunities to further grow and develop in the field of web development.

EXPERIENCE

March 2024- June2024
Via Aosta, 4, 20155 Milano MI, Italia

BackEnd Developer

Here's the translation of your additional description into English: During my internship in Italy through the Erasmus program, I worked as a back-end developer. I learned to use the Spring Boot framework, created databases with MySQL, and developed and consumed RESTful APIs. I also used documentation tools such as Swagger and Spring REST Docs, and gained experience in dependency management with Maven.
